

Jefferson City Medical Group is one of Missouri's largest multi-specialty groups. JCMG grew from the belief that the best medical decisions are made by patients working closely with their physicians.

It began in 1993 with the merger of physicians from Internal Medicine, Inc. and Family Practice Specialists. Today, the teamwork in medicine is maintained by over 100 providers in 30 medical specialties with a staff of almost 700 employees.

We are independently-owned, which means our only obligation is to you and your health care needs.

JCMG's VISION:

To provide the highest quality, most cost-effective, patient-centered care through development of a balanced group culture of coordination, collaboration, and communication that fosters physician and employee satisfaction and attraction, responsible growth, and improved operational performance.

AESTHETICS

Plastic Surgery | Cosmetic Dermatology
1241 W Stadium Blvd, Jefferson City 65109

P (573) 556-5744

Stephanie Hose, M.D.
Robyn McCullem, M.D.
